You're all so blind
But I can see
You wanna know what makes me me
I'm in the Earth
Im in the skies
I only see you when I close my eyes

It's hard to think that this life I live is only skin deep
call me a dreamer, but everythings brighter when I
sleep

So set me free,
I'll be the one to catch you when you fall away
Each time I breath,
I know theres somthing more
I know theres somthng more out there for me

Oh, don't even tell me that your willing to give up when
we've just begun
Theres nothing to fear now that the pain is gone and
we're going home
You beg me! (you beg me) You beg me!
To save thee! (to save thee) To save thee!
You beg!
You beg me to set (set) you (you) free!

Errr-yo.

So set me free,
I'll be the one to catch you when you fall away
Each time I breath,
I know theres somthing more
I know theres somthing more out there for me

So tell me everything, I need to know
(you break me down)
You break me down
down, down, down
(you break me down) You break me down

Yeee-HA

ha-ha-ha-ha!

A dreamer,
Break me down!
A dreamer,
Bring me down!
