Is it impossible
To have a life and realize it's not a lie?
Is it conceivable to carry on
And get along, or is it wrong?

Is it acceptable to know a lie
And hide behind an alibi?
Is it impossible to live without
A single doubt, do you know how?

Justice in the corner seeking
To revenge the ones that brought us

I can see it in your eyes
Blinded but we're by your side
On and on it's only starting
But I'm never gonna run

Sign me up for a place
I'll be on my way

Is it acceptable to know a lie
And hide behind an alibi?
Is it impossible to live without
A single doubt, do you know how?

Justice in the corner seeking
To revenge the ones that brought us

I can see it in your eyes
Blinded but we're by your side
On and on it's only starting
But I'm never gonna run

Sign me up for a place
I'll be on my way
Sign me up for a place
I'll be on my way

Justice in the corner seeking
To revenge the ones that brought us
Justice in the corner seeking

To revenge the ones that brought us

Is it impossible
To have a life and realize, it's not a lie?
Is it conceivable to carry on
And get along, or is it wrong?

Is it impossible, impossible
Is it impossible?

I can see it in your eyes
Blinded but we're by your side
On and on it's only starting
But I'm never gonna run

Sign me up for a place
I'll be on my way
Sign me up for a place
I'll be on my way

Yeah, sign me up for a place
I'll be on my way
