Well, there's no time to stop her now
Mary's gonna get away somehow

Still just a game but I ask her to remain
Still just a game but I ask her to remain
That Mary, Mary

Twenty three seconds on the floor
Is all she needs and not a minute more

Still just a game but I ask her to remain
Still just a game but I ask her to remain
That Mary, Mary
Tonight, night, night

Well, there's no time to stop her now
Mary's gonna get away somehow
But somehow

Still just a game but I ask her to remain
Still just a game but I ask her to remain
That Mary, Mary

You'll die tonight
Night
Night
Night
Night
Night
