You wanna leave no it isn't alright
But it's up to you , the decisions not mine
If I ever imagined you leaving my side,
I'd die

It's nothing new always asking me why
Is it too much to give it one more try
How can the truth still sound like a lie
Why

You say that there's nothing wrong at all
Sayin' that it's just like talkin' to a wall
And the phone wont stop ringin'
But nobody calls

Bringin' it all back home
To the one that I left alone
Bringin' it all back home
Waiting to know, is it too late to go
And bring it all back home
I'm hanging on to the end of the line
It's the same old story on the same old sign
But you give me something that I just cant buy
why

You say that there's nothing wrong at all
Sayin' that its just like talkin' to a wall
And the phone wont stop ringin'
But nobody calls

Bringin' it all back home
To the one that I left alone
Bringin' it all back home
