I'm lying on my head
No, I'm not in my bed
Just checkin' out the world
From a different angle
That's what happens when you
Trip on your blindness
Always seems for some reason
That it is happening to me

Why is it so? And why don't I know?
Why is it so? I can't see the obstacle in front of me
The obstacle in front of me

Christ, I'm falling down again
It happens to me now and then
I'm growin' up yea, growin' up yea
I won't let it fade away
I promise to be strong and brave
Growin' up yea, growin' up yea
Growin' up yea, growin' up yea
Growin' up yea

Open up your eyes and
Maybe then you'll realize
The truth is in the thoughts you hold
And not the obstacle in front of you

Why is it so? And why don't I know?
Why is it so? I can't see the obstacle in front of me
The obstacle in front of me

Christ, I'm falling down again
It happens to me now and then
I'm growing up yea, growing up yea
I won't let it fade away
I promise to be strong and brave
Growin' up yea, growin' up yea
Growin' up yea, growin' up yea
Growin' up yea, growin' up yea
Growin' up yea

Falling down

Falling down
Falling down
Falling down
Falling down
Falling down
Falling down

I'm lying on my head
No I'm not in my bed
Just checkin' out the world
From a different angle

Why is it so? And why don't I know?
Why is it so? I can't see the obstacle in front of me
The obstacle in front of me

Christ, I'm falling down again
It happens to me now and then
I'm growing up yea, growing up yea
I won't let it fade away
I promise to be strong and brave
Growin' up yea, growin' up yea
Growin' up yea, growin' up yea
Growin' up yea, growin' up yea
Growin' up yea, growin' up yea

Falling down
(Growin' up yea)
Falling down
(Growin' up yea)
Falling down
(Growin' up yea)
Falling down
(Growin' up yea)
Falling down
(Growin' up yea)
Falling down
(Growin' up yea)
