Live it up, make the most of it
Live it up, just get over it
Live it up

Might as well just
Live it up, make the most of it
Live it up, just get over it
Live it up, might as well just stay

When the people chant the battle's on
The pressure's coming on to strong
Warning bells are ringing once again

Do your best to carry on
Seems the troubles will be gone
There's no need to worry anyway

Don't turn away, why won't you stay?

Might as well just
Live it up, make the most of it
Live it up, just get over it
Live it up, might as well just stay

When it's hard to understand
There will be no second chance
Every single minute pass the same

Don't turn away, why won't you stay?

Might as well just
Live it up, make the most of it
Live it up, just get over it
Live it up

Might as well just
Live it up, make the most of it
Live it up, just get over it
Live it up, might as well just
Live it up, live it up, yeah

Live it up, live it up

Live it up, live it up
Live it up

Chant the battles on
Pressure's coming on to strong
Warning bell are ringing once again

When it's hard to understand
There will be no second chance
Every single minute pass the same

Don't turn away, why won't you stay?

Might as well just
Live it up, make the most of it
Live it up, just get over it
Live it up

Might as well just
Live it up, make the most of it
Live it up, just get over it
Live it up, might as well just stay
