Not one for violence
Not one to steal
Not one to break the law
Or make a deal

Cos innocence has left me long ago
My heart has now forgotten how to love

I became blinded by my goddamned life
I couldn't see or hear or tell wrong from right
Cos yesterday is just a memory
I close my eyes then it's gone

So how will I know (how will I know)
When the war is over
How will I know (how will I know)
When it doesn't matter
What I've done or where I've been
So till that day I'm living in sin

I've seen it once
I've seen it twice
Won't happen again
Not in this life

Cos yesterday is just a memory
I close my eyes then it's gone

So how will I know (how will I know)
When the war is over
How will I know (how will I know)
When it doesn't matter
What I've done or where I've been
So, till that day
Till that day
Till that day
I'm living in sin

How will I know
When the war is over
Tell me, how will I know
When it doesn't matter

Where I've been
Where I've been
Where I've been

Not one for violence
Not one to steal
Not one to break the law
Or make a deal

Cos innocence has left me long ago
My heart has now forgotten how to love

So how will I know (how will I know)
When the war is over
How will I know (how will I know)
When it doesn't matter
What I've done or where I've been
So, till that day
Till that day
Till that day
I'm living in sin
