

The Living End "No Way Out"

Visit "[No Way Out](#)" on MotoLyrics.com

Will we ever get back home?
Will we ever get back home?
Will we ever get back home?
Will we ever get back home?

To the place, is it the same as when we left?
Has anything really changed
Did they forget if so, we'll never know
If we never get back home

I can't see no way out
And my time is running out
I feel I'm breaking down

Stop what you're doing
Get out, get out come back
Stop what you're doing
Get out, get out come back home

Oh I can't see no way out
And my time is running out
I feel I'm breaking down

Will we ever get back home?
Will we ever get back home?
Will we ever get back home?
Will we ever get back home?
Will we ever get back home?

I can see the way out now
I can see the way out now
I can see the way out now
I can see the way out now
