I've been thinking of going away
Somewhere I can find a new day
Everybody's talkin' about this new place
Where no one remembers your face

Where they don't wanna know about the things you've
done
They don't wanna know about the damage done
Everyone is going down

Runaway, runaway to nowhere town
We're gonna go where we won't be found
Winners always win, sinners always sin

Runaway, runaway to nowhere town
We're gonna go where we won't be found
Winners always win, sinners always sin

We're on our way to nowhere
We're on our way to nowhere

I heard you've been living a lie
If it's true then I won't ask why
Won't ask why

'Cause they don't wanna know about the things you've
done
They don't wanna know about the damage done
Everyone is going down

Runaway, runaway to nowhere town
We're gonna go where we won't be found
Winners always win, sinners always sin

Runaway, runaway to nowhere town
We're gonna go where we won't be found
Winners always win, sinners always sin

We're on our way
We're on our way to nowhere

We're on our way

We're on our way to nowhere

Runaway, runaway to nowhere town
We're gonna go where we won't be found
Winners always win, sinners always

Runaway, runaway to nowhere town
We're gonna go where we won't be found
Winners always win, sinners always sin

Runaway, runaway
Runaway, runaway
Sinners always sin, winners always
Sinners always, winners always sin
