You're not the only one, you're not the only one
Living with what you've done
You'll be the lonely one, you'll be the lonely one
When the day is done

I sent a message that you didn't read
I tried to call but you hung up on me
Now will you ever come back to me again?

How can you carry on, how can you carry on?
Pretend that nothings wrong
You'll have no where to run, no where to run
When the day is done

I sent a message that you didn't read
I tried to call but you hung up on me
Now will you ever come back to me again?

You're not making any sense saying one last time
You're not making any sense saying one last time
Now that your love has expired and your heart seems
lost and tired
You're not making any sense saying one last time

One last time
One last time
One last time
One last time

You came undone and lost your way
You took a bet that you couldn't pay
I won't forget but I'll refrain
And bury the memory along with the pain

Hey, the order of the day
Hey, the order of the day
Hey, the order of the day

I sent a message that you didn't read
I tried to call but you hung up on me
Now will you ever come back to me again?
