Well we don't need no one to tell us what to do  
Oh yes we're on our own and there's nothin' you can do  
So we don't need no one like you, to tell us what to do

We don't refer to the past when showin' what we've  
done  
Our generation gap means the war is never won  
The past is in your head, the future's in our hands

'Cos I'm a brat and I know everythin'  
And I talk back 'cos I'm not listenin'  
To anything you say

And if you count to 3  
You'll see it's no emergency  
You 'll see, I'm not the enemy  
Just a prisoner of society

Well we don't need no one to tell us what to do  
Oh yes we're on our own and there's nothin' you can do  
So we don't need no one like you, so tell us what to do

'Cos I'm a brat and I know everythin'  
And I talk back 'cos I'm not listenin'  
To anything you say

And if you count to 3  
You'll see it's no emergency  
You 'll see, I'm not the enemy  
Just a prisoner of society

Well we don't need no one to tell us what to do  
Oh yes we're on our own and there's nothin' you can do  
So we don't need no one like you, so tell us what to do

We don't refer to the past when showin' what we've  
done  
Our generation gap means the war is never won  
So we don't need no one like you, so tell us what to do

'Cos I'm a brat and I know everythin'  
And I talk back 'cos I'm not listenin'

To anything you say

And if you count to 3

You'll see it's no emergency

You 'll see, I'm not the enemy

Just a prisoner of

Society, society, society, society

Society, society, society, society
