Is the southside in this muthafucka? (Hell yeah!)
Is the northside in this muthafucka? (Hell yeah!)
Is the eastside in this muthafucka? (Hell yeah!)
Is the westside in this muthafucka? (Hell yeah!)

[Hook - Ying Yang Twins]

This for my thugs baby and for tha club baby
We keep it crunk, smokin' weed and gettin' drunk
(Around the globe)

Jersey (Country as hell!)

[Verse One - Skinny DeVille]

Yo, aw man, the grass done got greener on the other
side of the fence
So I hopped my ass over to see if I was convinced
Fast-paced city life, but country livin's the sense
Man, I copped me a Caddy said "to Hell wit' a Benz"
Benz, Benz, twenty-inch rims
I can't leave the verti-cal grill at the back of the ranch
Got a phat farm with cows and a whole lotta land
20 acres to my name son we ain't been there

[Verse Two - B. Stille]

Meanwhile up in the D where they holla it up though
Thugs blow weed in the park where the club close
In Milwaukee the beast is petro, off in DC the streets is
ghetto
Let's roll to Cali where they chief the best 'dro
and drive cars so big you can't reach the pedals
Never had a glass of purple juice for breakfast
until I took my ass to Houston, Teaxs

[Hook - Ying Yang Twins]

This for my thugs baby and for tha club baby
We keep it crunk, smokin' weed and gettin' drunk
(Around the globe)

(Country as hell!)

Detroit, Chicago (Country as hell!) Cali, Ohio (Country as hell!)

[Verse Three - Big V]

Copped a pair, they was sportin' jonesin'
New Orleans, went for the Cajun, winded up stayin'

Rapped my ass off at NYC at the Bassment
Hit V.A. where they do nothin' but cook

Boston, Denver and all points between
Tennessee, Florida ain't nuthin' but blood for ya

[Verse Four - R. Prophet]

Yo, yo, yo, now shake it, go'on sit back and let your hair
blow
Spanish chicas waving hasta leugo
Worldwide drop, weather's bueno
They say opposites attract, I'm a moreno
(???) so clear (???) my dear
Shy girl all she wanted to do was fuck and cum
Top of the hill take a breath from her lungs
(Country boys been over seas)
Toppin' it off, London, Germany
(Nappy Roots, Ying Yang we keep it crunk baby)

[Verse Five - Fish Scales]

Aight, first say a prayer for those in combat
Might can throw some'in' on a grill when you come back
Might can take a trip to the 'Ville
and in fact we can all get loose on the porch
And of course, hit Church Hill Downs, thow some'in' on
a horse
Or we can hit dem St. Clair waters
You ain't seen country til you been through Georgia

Gotdern, they still got girls in perms (Damn)
Big cars, big wheels is the biggest concern

[Verse Six - Ron Clutch]

In my old Kentucky home
I was born and raised on catfish and corn
Collard greens and fatbacks - it's country 'an a mug
Don't care where you stay you got country in your blood
if you love and that's that
Circle the globe, met the poor and the paid
Now I know for a fact that (we keep it crunk baby)

[Hook - Ying Yang Twins]

This for my thugs baby and for tha club baby
We keep it crunk, smokin' weed and gettin' drunk
(Around the globe) Country as hell! (Around the globe)
Country as hell!
(Around the globe) Country as hell! (Around the globe)
