Here it comes again
Don't let it pass you by
Like the city bound train
You know it's up to us
To lead the way
And march toward victory

Standin' on the right side
Who knows what's right?

Here it comes again
Don't let it pass you by
Like the city bound train
You know it's up to us
To lead the way
And march toward victory

Standin' on the right side
Who knows what's right?
Right?

Don't look now
Seems like we're trapped somehow
I'm not sure if we'll
Ever make it out of here alive
Don't look now
Seems like we're trapped somehow
Time is almost up
But the war has just begun

We're stuck inside a place
And soon we'll have to face
The outside world
The anger on the street
Begins to raise some heat
And we're almost out of time

Standin' on the right side
Who knows what's right?
Right?
Right?

Don't look now
Seems like we're trapped somehow
I'm not sure if we'll
Ever make it out of here alive
Don't look now
Seems like we're trapped somehow
Time is almost up
But the war has just begun
(Yea)
(Yea)
(Yea)

Standin' on the right side
Who knows what's right?
Right?
Right?

Don't look now
Seems like we're trapped somehow
I'm not sure if we'll
Ever make it out of here alive
Don't look now
Seems like we're trapped somehow
Time is almost up
But the war has just
(The war)
(Has just)
Begun
