Find our way  
Out of this maze  
I promise you that much  
(I promise you that)  
And I'll keep on calling your name  
When I miss you  
But I admit we've come too far

Is this everything you wanted  
Am I everything that you need  
Everything that you need

And as for second chances  
I think I took my third, my fifth  
Now looking back on this  
It's easy to see  
Why the world needs you  
And you and me (me)

Is this everything you wanted  
Am I everything that you need  
Everything that you need  
You're not everything I wanted  
But you're everything that I need  
Everything that I need

(Keep on calling)  
(Keep on calling)  
(Keep on calling)  
(Keep on calling)  
Keep on calling your name when I miss you  
(Keep on calling)  
Keep on running back when I miss you  
(Keep on calling)  
Keep on calling your name when I miss you  
(Keep on calling)  
Cause I can't stand to be alone  
(Keep on calling)

Is this everything you wanted  
Am I everything that you need

Everything that you need  
You're not everything I wanted  
But you're everything that I need  
Everything that I need

Is this everything you wanted  
Am I everything  
You're not everything
