Every dawn becomes a new day
A time to love, a time to cry
Every river knows it's own way
And it's the same for you and I
And every heart must have a reason
A winding road, a midnight flight

(Chorus)

Freedom, freedom
What we all need, is freedom in our hearts
Freedom, freedom
What we all need, is freedom in our hearts

We fight and die defending honor
The pride and prejudice we hide
A mother's tears, a father's anger
From trying to stop the pain and lies
So we pretend to look for answers
While I blame you and you blame me

(Repeat Chorus)

We don't need the pain anymore
To move our mountains, to reach our shores
What I've found is the choice I bring
What I can do to let freedom ring

(Repeat Chorus)

Freedom from the darkness
Freedom from the violence
Freedom from the hate
Freedom from the fear
Freedom from the hunger
Freedom from the forgiveness
Freedom from the past
Freedom from the mistakes

(Repeat Chorus)

(Repeat Chorus)

Tell the people now
Freedom, freedom
What we all need, is freedom in our hearts
Freedom, freedom
What we all need, is freedom in our hearts
