Well, ever since the day the time began
There's been this thing 'tween a woman and a man
Well, I don't know but I do believe
It started in the garden with Adam and Eve

Sampson and Delilah had their fling
'Til she cut his hair and clipped his wing
It don't matter how the story's told
Love stays young, it can't grow old

Let me tell you about love
About the moon and stars above
It's what we've all been dreamin' of
Let me tell you about love

Well, Bonaparte and Josephine
I believe, they had a pretty good scene
'Til she said, "Bony, boy, we're through"
That's when he met his Waterloo

Julie baby and Romeo
Fell in love and stole the show
I know they are history
But there ain't been nothin' like you and me

Let me tell you about love
About the moon and stars above
It's what we've all been dreamin' of
Let me tell you about love
Let me tell you about love

Now Sheba, she was a beauty queen
The purtiest thing that you ever have seen
Solomon, he was a mighty wise
'Til Sheba, she done caught his eye

The world would be in a dreadful fix
If it wasn't for the love between the cats and chicks
This world wouldn't amount to much
Without a hug and a kiss and a tender touch and

Let me tell you about love
About the moon and stars above
It's what we've all been dreamin' of
Let me tell you about love

Let me tell you about love
About the moon and stars above
It's what we've all been dreamin' of
Let me tell you about love

Let me tell you about love
Let me tell you about love
