JUDY MOWATT
I SHALL BE RELEASED

Woah oh oh oh
They say everything can be replaced
they say every distance is not near
but I remember every face
of every man that would be here, yeah

I see Jah light come shining
from the West down to the East, yeah
any day now, any way now
I shall be released

They say every man needs protection (needs
protection)
they say every man was born
but I swear I see my reflection (my reflection)
somewhere so high above this wall

I see Jah light come shining
from the West down to the East, yeah
any day now, any way now
I shall be released
Woah oh oh oh

They say every man needs protection (needs
protection)
they say every man was born
but I swear I see my reflection (my reflection)
somewhere so high above this wall, yeah

I see Jah light come shining
from the West down to the East, yeah
any day now, any way now
I shall be released
One more time now
Any day now, any way now
I shall be released
Any day now, any way now
I shall be released

Woah oh oh oh
