I shall sing as long as I live  
And as long as I live, I shall sing  
And I shall sing as long as I live  
And as long as I live, I shall sing

Mmm, even though I'm old but I'm young  
A little weak, but I know I am strong  
Old enough to know what's right  
Young enough to dance all night

Too weak to hold it back  
Strong enough it give you heart attack  
The situation sweep my soul  
As long as I live

I shall sing as long as I live  
And as long as I live, I shall sing  
And I shall sing as long as I live  
And as long as I live, I shall sing

In my days I've seen many faces  
Mmm, and been many places  
Too late to turn back now  
If I do Jah will strike me down

Yes, I have places to go  
Yes, and a lot of things to do  
If you think I'd give it up now  
As long as I live

I shall sing as long as I live  
And as long as I live, I shall sing  
And I shall sing as long as I live  
And as long as I live, I shall sing

Mmm, I thank God that he made me to sing  
To the world all over love message I'll bring  
He put a song in my heart, yes, I know  
Come along people, good seeds we'll sow

I don't care what they do or say

I'll never stop singing, oh, no, no way  
Some day I will get my pay  
As long as I live

I shall sing as long as I live  
And as long as I live, I shall sing  
And I shall sing as long as I live  
And as long as I live, I shall sing

Mmm, in my days I've seen many faces  
Mmm, and been many places  
Too late to turn back now  
If I do Jah will strike me down

Yes, I have places to go  
Yes, and a lot of things to do  
If you think I'd give it up now  
As long as I live

I shall sing as long as I live  
And as long as I live, I shall sing  
And I shall sing as long as I live (I know, I know, I know, I  
know)  
And as long as I live, I shall sing

I shall sing
