Sweet music gives me good vibration
Feel it, anywhere in creation
And even if you're down and out
Uh, when you hear your favorite song
You wanna jump and shout

And dance
Because the rhythm is right
Yes, dance
Rock it the way you like

Let's dance
Because the music is free
Let's dance
Sweet music make you feel irie, yeah
(Sweet music make you feel irie)

Everyone was on the dancin' floor
When the deejay say
Harlem, pull up, operator
The crowd ball lot more

Bongo Harry
Makin' all kind of skankin' move
The people saw it, oh, my gosh
They started to rock and groove

And dance
Because the rhythm is right
Yes, dance
You can rock it the way you like

Let's dance, come on now, now
Because the music is free
Let's dance
Sweet music make you feel irie, yeah
(Sweet music make you feel irie)

Ah, come dance, let's dance
Mmm, mmm, mmm, yeah

Everyone was on the dancin' floor
When the deejay say
Harlem, operator, operator
Once more

Jane and Harry
Doin' the latest dancin' move
They look so neat, rhythm real sweet
Rock now to this beat

And dance

Let's dance, oh, my gosh
Because the music is free
Let's dance
Sweet music make you feel irie, yes
(Sweet music make you feel irie)

(Let's dance)
Makes you wanna jump, be free lately
(Let's dance)
Ah, come dance, let's dance

(Let's dance, bubble little, bubble little)
Rock it the way you like
(Let's dance, bubble little, bubble little)
Rock it till broad daylight

(Let's dance)
