No more nights in the flat  
In the flat above the pet shop  
Hiding every picture of your boyfriend  
He never has to go behind my back again  
Because I don't speak to him now

No more fights in the car,  
In the back of his car  
A car that never started and the rows they never  
stopped  
He never has to go behind my back again  
Because I don't speak to him now

I say  
Heaven help the new girl  
If she has to go through what I went through too

Don't get me wrong  
If you want someone  
Who's gonna lead you on  
He's the one for you  
Don't get me wrong  
If you want someone  
Who's gonna treat you bad  
He's the man  
But who wants that anyway  
Oh  
Heaven help the new girl  
If she has to go through what I went through too  
Heaven help the new girl  
If she has to go through what I went through too

So go  
Just go  
Because you'll be never 19 again  
And I thought I told you before  
You don't need a boyfriend

So go  
Just walk  
It doesn't matter if its raining or dark  
And if by some strange stroke of luck

I pick you up  
then we can drive to the country  
Left to ourselves  
And both say

Heaven help the new girl  
If she has to go through what I went through too
