you gave me a chance at the palais de danse to prove  
i'm worth your time  
you gave me a chance to prove i'm more then just an  
also-ran  
a knife for the girls who want to come home for just  
one night  
a knife for the girls who never return your calls  
you gave me a chance at the palais de danse to prove  
i'm worth your time  
you gave me a chance to prove i'm more then just an  
also-ran

something happened to change your mind  
something happened, i don't know why

and now i reach for your hand and you cut me again  
you've got a knife for the girls and a knife for the man  
i don't mind seeing your face around  
but we can never speak again  
no no no no

a knife for the men who've taken the heat off you this  
time  
a knife for the men who keep you awake at night  
this could be the last time you can say for sure  
you know i'm here if you need a girl...

something happened to change your mind  
something happened, i don't know why

and now i reach for your hand and you cut me again  
you've got a knife for the girls and a knife for the man  
i don't mind seeing your face around  
but we can never speak again

well, in a backroom in harehills  
when you said i was a superstar,  
what did you mean?  
what did you mean?  
harehills  
harehills  
harehills

well, in a backroom in harehills what did you mean?

and now i reach for your hand and you cut me again  
you've got a knife for the girls and a knife for the man  
i don't mind seeing your face around  
but we can never speak again

i got my souvenir  
i got my souvenir  
well, in a back room in harehills i got my souvenir

my baby doll  
don't go to London  
don't go to London  
no no no  
don't go to London  
don't go to London  
no no no  
don't go to London  
don't go to London  
no no no  
don't go to London  
don't go to London  
no no no
