another weekend without makeup

another evening to myself

well, i guess that i won't be having the time of my life
tonight

where do you go when you've finished work?

you should have been home an hour ago

i've got your tea laid out like some kind of fifties
housewife
[chorus]

well i'll feed you, but i need you to make a little more
effort

i don't like giving you the third degree

i just want what's due, what's due, what's due to me...
there are wants and there are needs

and they're two very different things

you can love or be in love, again,

they're two very different things,

yes they're two very different things
i need to talk but you're much too tired

you've got a job and if you don't get fired soon
i'll be extremely surprised

where do you go when you've finished work

you should have been back about an hour ago

you've left me fashioning a double bed and acting

like some kind of fifties housewife

[chorus]

i could be more than your landlady if you'd like,

but you don't like,

and neither do i
you and i, we're different

you and i, we're two very different things

you and i, we're different

you and i, we're two very different things

but still i've got you, i've got you under my skin...(3X)
i've got you under my skin
