When the lights are low you know I'm going to go
To my hotel chambermaid
I'm going to jump the garden and come on hard all
night
While the river's rolling outside the window
Going to see her going to get love
Going to shut the bellboy out tonight

When the world is dead I'm going to make the bed
With my hotel chambermaid
She'll bring the coffee in the morning with a smile
She don't ask where I come from
I crept in and I soon will be done
Going to shut the bellboy out tonight

I ain't got a million dollars
No one I can call mine
But I'll push on cushion me some way
Ain't got no future at least that's what they say
This girl is going to take those kind of blues away
Hotel chambermaid
Hotel chambermaid

Room service can you help me
I want a hotelchambermaid
I didn't pay my bill but then I had my fill all night
While the river's rolling outside the window
Going to see her going to get love
Going to shut the bellboy out tonight

While the river's rolling outside the window
Going to see her going to get love
Going to shut the bellboy out tonight
