(Chorus) 2x

Soothe me baby soothe me
Soothe me with your kindness
For you know your powerful love is
Soothing to me

Oh how I used to ramble
And how I used to roam
Oh but since I met that baby of mine
All I do is stay and home, and I tell her

(Chorus)

Oh I used to have a lot of girls
Have them big and small
Oh but since I met that baby of mine
I know no other girls at all, I just tell her

(Chorus) 2x

It's so soothing to me
Your love, babe, is soothing to me...
