I was on my way, into the fire  
Got a burn and all I said was "let's do it all over again"  
What you want is what you get  
But it won't take you higher  
Now I know what I did, and now I can see the gates

They say that there's no room to make mistakes  
I say that is just what it takes now  
As long as you come back again, now back again  
Make it clear to all your friends, and sing it out  
Out, now put your hands up!

I said go go go go go, get your light and  
Spread it to the world, we're not hiding  
We could loose it all, but it's okay 'cause  
For you I'd take the fall  
Go go go go go, get your light and  
Spread it to the world, we're not hiding  
We could loose it all, but it's okay 'cause  
For you I'd take the fall

But for this I'll give my all

Come on, pump it up, come out of your hidings  
What you did is not who you are or what you're  
supposed to be  
This is the time to make it up, time for forgiveness  
This is the time, to grow up and show them what you  
can be

I don't wanna be, like the liars  
I won't take any, of your downers  
We could loose it all, but it's okay  
Cause for you I'd take the fall

I said go go go go go, get your light and  
Spread it to the world, we're not hiding  
We could loose it all, but it's okay 'cause  
For you I'd take the fall  
Go go go go go, get your light and  
Spread it to the world, we're not hiding

We could lose it all, but it's okay 'cause  
For you I'd take the fall

We are standing straight, we'll take the fall  
It's us and no one else, we're standing tall

Go go go go go, get your light and  
Spread it to the world, we're not hiding  
We could lose it all, but it's okay 'cause  
For you I'd take the fall  
Go go go go go, get your light and  
Spread it to the world, we're not hiding  
We could lose it all, but it's okay 'cause  
For you I'd take the fall
