Dad your boys about to fall
He walks the razors edge
Hes on the break of figuring out
Hes at his better end
Dad your boy who used to run
You taught him how to crawl
He left home to find his own
Now all hes has is gone

Chorus x2

In your eyes I see a darkness that torments you
And in your head where it dwells
I'll give you my hand if you reach out and grab it
Lets walk away from this hell

Mom your baby's on his way
He'll soon be at your side
Cause hes forgotten all is know
A part of him has died
Mom you never understand
Why babies come and go
He left home to find his own
Now all he has are lies

Chorus x2

In your eyes...
In your eyes...
In your eyes...
In your eyes...

Chorus x2
