You'd like to think I have it easy  
At times I think you're right but then I  
Take a look around  
And see your eyes on me  
At times I think I have it easy  
Until I close my eyes and see

This life in my box  
Lets you turn the key  
When you want to hear a melody  
And I could never be the apple of your eye  
The story of your life it's what's inside  
I go through stages when I feel this matters  
This song and dance is the way of life for me

You'd like to think I have it easy  
At times I think you're right but then I  
Take a look around  
And see the grass is always green  
On the other side, on the other side,  
On the other side, on the other side

This life in my box  
Lets you turn the key  
When you want to hear a melody  
But I can never be the apple of your eye  
The story of your life it's what's inside  
And I could never be the one who saved your day  
Well I'm just the man in the music box  
It's nothing special  
It's nothing special  
It's nothing special  
I'm just the man in the music box  
And I will never be...  
And I will never be...  
Your superhero...  
And I will never be...  
Your superhero...  
And I will never be...  
Your superhero...  
And I will never be...

Your superhero...  
And I will never be...  
Your superhero...  
And I will never be...  
Your superhero...  
And I will never be...  
Your superhero...  
Your superhero...  
Your superhero...  
Your superhero...  
Your superhero...  
Your superhero...  
Your superhero...  
Your superhero...  
Your superhero...  
Your superhero...  
I'm just the man in the music box.
