"When You Loved Me"

Visit "[When You Loved Me](#)" on MotoLyrics.com

When you loved me
I was good enough
When you loved me
Music woke me up

But now the silence
Is suffocating
Did I deserve this?
Did I do a bad thing?

When you loved me
Every single day
Was a blessing
Time would fly away

But now every minute
Feels like an hour
Wishing the day would end
Inside the prison in my head

But then you turned me
Into a fool
Watching you walk away
Into another world

When you loved me
I was happy
When you loved me
Never lonely

But then you turned me
Into a fool
Watching you walk away
Into another world
When you loved me, when you loved me
When you loved me, when you loved me
