Whe-en trumpets were mellow
And every gal only had one fellow
No need to remember when
'Cause everything old is new again

Dancin' at church, Long Island
Jazzy parties, waiter bring us some more Baccardi
Order now what they ordered then
'Cause everything old is new again

Get out your white suit and top hat and tails
Let's go backwards when forward fails
The movie stars you thought were alone there
Have been framed beside your bed

Don't throw the past away
You might need it some rainy day
Dreams can come true again
When everything old is new again

White suit, your top hat and tails
Put it on backwards when forward fai-ails
Leave Greta Garbo alone
Be a movie star on your own

And don't throw-ow the pa-ast away
You just might need it some rainy day
Dreams can come true again
When everything old is new again
When everything old i-is new-ew again
