Some enchanted evening
You may see a stranger
You may see a stranger
Across a crowded room
And somehow you'll know
You'll know even then
That somewhere you'll see him a-again and again

Some enchanted evening
Someone may be laughing
You may hear him laughing
Across a crowded room
And night after night
As strange as it seems
The sound of his laughter
Wi-ill sing in your dreams

Who can explain it
Who can tell you why
Fools give you reasons
Wise men never try...

Some enchanted evening
When you find your true lo-ove
When you hear him call you
Across a crowded room
Then fly to the side
And call him your own
Or all through your life
You may dream all alone

Once you have found him
Never let him go
Once you have found him
Never - let - him - go...
