Stayin' at home waitin' for you
You just won't get it 'cause I say we're through
Well I'm looking for someone to love
I'm looking for someone to love
Well you're not here but baby I don't care
'Cause I'm lookin' for someone to love

Playin' the field all day long
Since I found out I was wrong
And I'm lookin' for someone to love
Yeah, I'm lookin' for someone to love
Well you're not here but baby I don't care
'Cause I'm lookin' for someone to love

Caught myself thinkin' of you
You can't love me and another one too
Well I'm looking for someone to love
I'm looking for someone to love
Well you're not here but baby I don't care
'Cause I'm lookin' for someone to love

Drunk man a streetcar
Foot slipped ooh there you are
Well I'm looking for someone to love
I'm looking for someone to love
Well you're not here but baby I don't care
'Cause I'm lookin' for someone to love
I'm lookin' for someone to love
I'm lookin' for someone to love
I'm lookin' for someone to love
