You wear tight black leather wrapped up from head to
toe

Tight black leather dressed up, no where to go
I got a hot steel machine gonna take her for a ride
Don't know where we'll go but I got her by my side
I don't know where the wind might be blowin'
You keep me coming around

You wear tight black leather
Tight black leather
Tight black leather
Tight black leather

Hey there Baby what you showin'
Five alarm smile keeps me burnin'
Come on honey reach down low
Kick start my heart rock my soul
If you hold on I may never look back
I love what you're doin' to me
You wear tight black leather
Tight black leather
Tight black leather
Tight black leather

I don't know where the wind might be blowin'
You keep me coming around
You wear tight black leather
Tight black leather
Tight black leather
Tight black leather

Hey there Baby what you showin'
Five alarm smile keeps me burnin'
Come on honey reach down low
Kick start my heart rock my soul
I don't know where the wind might be blowin'
You keep me coming around
If you hold on I may never look back
I love what you're doin' to me

You wear tight black leather

Tight black leather
Tight black leather
Tight black leather
Tight black leather
Tight black leather
