I slowly suffocate the pain
Naming my tears rain
Pretend like I'm doing ok,
Never really cared for you anyway;
Guess this pain is what lets me breathe,
I wonder who you'll screw when I leave
Will you cry like you used to do
When you used to care about me?

She cuts the skin, she cuts the skin,
She scuffs the razor
Then she cuts the skin, she cuts the skin
She scuffs the razor
Then she cuts the skin, she cuts the skin
She scuffs the razor

What is it that makes me breathe,
And what is it that keeps me alive?
Every question I ask is an answer to
Why I don't die;
Die, die, give up don't try
Everybody knows that your dream is a lie
You never worked hard enough
For everything you want

She cuts the skin, she cuts the skin,
She scuffs the razor,
Then she cuts the skin, she cuts the skin,
She scuffs the razor,
Then she cuts the skin, she cuts the skin,
She scuffs the razor

So go, it's alright
It's just you now
It's alright

She cuts the skin, she cuts the skin,
She scuffs the razor,
Then she cuts the skin, she cuts the skin,
She scuffs the razor,
Then she cuts the skin, she cuts the skin,

She scuffs the razor

Goodbye sunshine, I hope that you find,
Goodbye sunshine, I hope that you tire

Wake me when you finally see
That all I do,
Has nothing to do with you
