Today it's a kind of war
It's really hard to win
I tried all my best
But I feel like someone else
Will Take my reign - from me
Anyway I won't fall

Let's go do something fun
It's my struggle for the crown

Show my dick to anyone
It's my struggle for the crown

Today I saw one more teen idol on TV
I took a gun and shot right at the screen
Then I realised I don't really really care
Coz I'm resilient and I won't age more

Let's go do something fun
It's my struggle for the crown

Show my dick to anyone
It's my struggle for the crown

Beware: This is my victory cry

It's not child pornography
It's my struggle for the crown

Let's go do something fun
It's my struggle for the crown

Show my dick to anyone
It's my struggle for the crown
