He who seeks of only vanity  
And no love for humanity  
Shall fade away, fade away.

He who checks for only wealth  
And not for his physical health  
Shall fade away, fade away.

Though some believe in diamonds and pearl  
And feel like they're on top of the world,  
They shall fade away, hear what I say.

The rich is getting richer every day,  
And the little that the poor man got it shall be  
taken away.  
Do you hear what I say? Yeah, hear what I say.

The man who worships silver and gold  
Shall surely, surely, surely lose his own soul,  
Then fade away.

The one who's always acting smart  
And don't carry no love in his heart  
Shall fade away.

God is here and there and everywhere  
And he knows when you play the game unfair,  
So people beware, or else you fade away!  
Hey! Beware, or dare you fade away.  
You've gotta fade, gotta fade, gotta fade now.

The rich is getting richer every day,  
And the little that the poor man got it shall be  
taken away.  
Do you hear what I say, hey? Hear what I say.

The one who's always acting smart  
And forgetting to carry love in his heart  
Shall fade away.

God is here and there and everywhere

And his eyes, his eyes are watching you,  
You're gonna fade away, yeah, yeah,  
You're goin' to fade, fade, fade, fade away...  
Fade away... Yeah, yeah... !
