You think you got a gold twat  
But slut your stinky like and old sock  
Now suck that dildo like a blow pop  
Up and down like a robot  
Your diary's filled with inquires  
Of you suckin cocks interlay  
fuckin you's like box in violently  
jabbing the clit stabbin the shit  
gaggin the bitch with a slit that's got crabs in  
it full of veins like a faggets dick  
let her hang from her tits  
on a hook sharp like a shank with a grip  
yankin them right off with a skanky trick  
open her mouth then she drank my spit  
you get 200 franks for the slip then you gang-bang in  
your pit  
I've got you under pressure to use your body for  
pleasure  
Don't be snotty I'm a professor in trying to undress ya  
I'll put a spell on you  
have you suckin my dick and workin the bordello to  
covered in sticky yellow goo  
You being celibate is through  
Your mind is irrelevant you'll listen to everything I tell  
you to do

[Hook]

Watch these street villains get all up in your guts  
Butcher knife attached to my dick to cut it up  
Bold lubrication makes it easy sliding up  
They want their nipples bit bitch scream  
Shank you in your face if you don't give me pussy bitch  
They want their nipples bit bitch scream

[Necro]

Yo I'm all about nipple suckin'  
Clit lickin honest to goodness  
Dick in cunt pumping fuckin  
Triple x pussy lip stretch  
As she drips wet your cunts hot  
cause hunk's got a tree trunk cock

a shiney pink knob for stink slob  
I'm delving into your velvet soft pelvis  
like dumpin a clit  
blastin my dick humpin a chick  
pumpin with my balls jumpin against your clit  
insert the meat  
then my hot spunk is squirted deep  
I'm a perverted creep your twat is too hot  
I can't believe the lips you got  
the type of lips that could grip a cock  
like the mouth of a pit is equipped to lock  
fuck a fake bitch I'd rather have a girl with tiny lil' cup  
cake tits  
I'm on some duct tape shit tape you up but naked  
the shit I'm gonna do to you in unsacred  
Like a sadist rapist I'm like prostitution in Vegas

[Hook]

Watch these street villains get all up in your guts  
Butcher knife attached to my dick to cut it up  
Bold lubrication makes it easy sliding up  
They want their nipples bit bitch scream  
Shank you in your face if you don't give me pussy bitch  
They want their nipples bit bitch scream
