sample

Do you want me to be the guy your trying to make me?
Do you want me to be the guy that orders people to
die?

Do you want me to be Dispensation of life and death?
You convicted me for dispensating life and death
the Fucking United states can't even do this

sample end

[Necro]

Nothin like a dead pastor, splattered all over concrete
like plaster

Im sabath I blast from this disaster

I provide you with intricate, Sadistic shit

To guide you but diss the click, we'll divide you like
arithmetic

Ridin with the pistol grips sliding down low in
conspicuous

Were not sliding the biscuit clip

Buck at your release bullets inside you bitch

And if your in a car we'll pull upside of it

You know the rest, the pressure hurts

Bumped in your chest again, you'll be using your best
efforts

Tuckin your intestines in, like dress shirts

A proffesional hit, your fucked like molested kids in
church

Were cave beings, we crave seeing death like arabians

Stabbing your flesh like Linda Coursavien

Numerous punctures, its humourous how a human
crumbles when juxed

Thats how the universe functions

[Chorus X2]

You'll live as long as I let you

You owe me your life

You'll die as soon as I give the order to get you

Kill 'em

Life and death the facts it will always get you

Remember

Knife and tacts the tools use to affect you

I have the ability, to mentally deatch myself from
emotion
And the agility to dementadly slash your flesh with a
motion
During a comotion whats occuring is a promotion
When I crack you in public, all you see is the blur of an
explosion
Im pure corrosion of conformity, I love deformity
Like slice faces like shrapnel from bunkers in
normandy
I observe you as non existant
the nerve of you to think your sadistic
Your an assistant
The piss ant
An unrealistic a bitch ass, you kiss ant
A dumb sistic vibrosic spastic that piss in his pants
If you see a stranger, stabbing a stranger
Dont get involved that shill will be stranger
When your in danger, of your life being taken
Over something, that wasnt a major concern of yours
Now your in surgery, cause an your artery got cut with
a razor
Ya played yaself you walk your line in life
Dont go batty, this rap I kick is deep like the shit
Manson told Patty

Chorus x2
