Real niggas they die on, real niggas they die rich,
Life's a slut, dirty hoe, either way I kick bitch
Kick back with three females, porn south front get
details
They president in that presidential
Big face and that's detail
Whole thing that's whole sale
Cush luder than a dope bill
Pocket up in your time, with the whole flow,
With the hotel, trunk out I'm sky high
One wish I got high, go cast when they carry me
Don't cry when they bury me
Four whips got no tops, Louie... is got no sucks
Can't sleep without the camera's on on the... got both...
Condo's on top floors, best shouts the sex oh
G fours on run ways, don't miss this chair
