Chorus

Show room testarossa
Nothing in here softer than your sofa
Who the livest crew that you know of?
Smelling like a pine when we show up
More get the rolled up
Hostess show us to our section
Bring them bottles over tip the valet a fifty
... in the ashtray of the rover
That's my new homie
I let him sit in there and get loaded
I pay the cut till the nigger either bored or I'm hungry
Me and my hoes get pepperoni slices at 3 o'clock in the
morning
This thing we built got my money stacks on stilts
Got my mama driving the benz and leave these lips
Stunting with our friends saturday night her game
Still ain't nothing changed their smiles
I rather see her having a good time
Yellow gold daytona I'm a fine watch owner
Track suit sleaze can't hide the ass still glowing
This bitch rubbing on my cock see she fucking rolling
I do my thing and write about it

Ride for it get on the stand and lie for it
Blow try get up in the chair fry for it
Never telling no snitching
Rather swim with the fishes
Niggers know I'm committed to jet living
Yea you niggers lowbie ride
Ride ride nigger forever hired
Niggers we never die
Jet living

I'm talking all of your doe fool I'm sitting on keys
Pilot of the motherfucker j e t
Now if want to join the team you know you must see me
But the sucker motherfuckers who you cannot be
Big drapes in my crib hoes getting a good sleep
Good rest, get up, go out do their best

On behalf of the set bring it back to the g's
I throw some to my bitches spend the rest on weed
Where you moving? you need
How can ever believe?
In your life time you square eyes have never seen
Nigger on point flow so if a red beam
Choose a side before we ride nigger no in-betweens
That's the fire to their rock on
Call the shots from a solid gold rotary phone
Counting my cheese nigger
The big chief plucking all in my sleep
Bumping shinning that five nine nine oh my

Ride for it get on the stand and lie for it
Blow try get up in the chair fry for it
Never telling no snitching
Rather swim with the fishes
Niggers know I'm committed to jet living
Yea you niggers lowbie ride
Ride ride nigger forever hired
Niggers we never die
Jet living
