Dressed like I... on the go
But I'm just smoking my trees,
Probably... compared to you
Dump through a few magazines,... report
Surf the net... reserve some time at the dubai resort
I'm on the grind fool, I ain't a child no more
But I play the... out of... hoe
It ain't a game, it's the plans... my clothes
But ain't nothing on my back except...
As I make my way to the change, carve my place out in
history
Get rich and stay the same,
All... palm tree shade, half kid, half...
... burning through my...

Yeah, mind on my money, money on my mind
I'm double time on my hustle and all your bitches mine
It's that riding smoking music for you to smoke and
ride
To all the niggers trying to do...
Yeah, mind on my money, money on my mind
I'm double time on my hustle and all your bitches mine
It's that riding smoking music for you to smoke and
ride
To all the niggers trying to do...

Ain't nobody fucking with my team and I put that shit on
g's
She loves me... when I leave
She acting like a... girl it cost to be the boss around this
piece can I breathe
Cause all I do is... smoke weed
You don't burn down a tree,
Time... I burned down the street
Take heat when that money speak ain't life for free
... from low class to living comfortably
... a beat on these beats, smoking that loud pack
... them niggers ain't like me... been grinding all week
Why sleep when that money... street
... you play checkers and get your ass buried boy

Yeah, mind on my money, money on my mind
I'm double time on my hustle and all your bitches mine
It's that riding smoking music for you to smoke and
ride
To all the niggers trying to do...
Yeah, mind on my money, money on my mind
I'm double time on my hustle and all your bitches mine
It's that riding smoking music for you to smoke and
ride
To all the niggers trying to do...

Same old shit just a different day,
... weed I'm twisting up, I break it down and lift me up
Jet life nigger what?
I'm high as fuck in the cut, just chilling, count this paper
up
You know the life of a villain sport cars and women
Hopping the... all well denims
... that's how a nigger living, on g's
Bitch please, my paper peeling,
Look I'm addicted to this shit and I can't fight the
feeling
... trying to stack my dollars up from the floor to ceiling
Niggers hating on us, we ain't tripping off your feelings
365 24/7 we making the killing
Spitting the shit that we living

Yeah, mind on my money, money on my mind
I'm double time on my hustle and all your bitches mine
It's that riding smoking music for you to smoke and
ride
To all the niggers trying to do...
Yeah, mind on my money, money on my mind
I'm double time on my hustle and all your bitches mine
It's that riding smoking music for you to smoke and
ride
To all the niggers trying to do...
