I've been breaking promises in the dark
You've been doubting everything in the time we spend
apart
We knew this was a gamble from the start
Now we've been trying everything just keep our hearts

If it all burns down, if it all just blows away

I swear I'll love you to 'til the end
If it all burns down and you don't come around
I'll be your friend

I'm sweating all alone here in the dark
Are you sleeping soundly all the nights we spend
apart?
We knew this was a gamble from the start
And now I'm trying everything, just to keep your heart

If it all burns down, if it all just blows away

I swear I'll love you to 'til the end
If it all burns down and you don't come around
I'll be your friend

I swear I'll love you to 'til the end
If it all burns down and you don't come around
I'll be your friend

I'll love you 'til the end
I'll love you 'til the end
I'll love you 'til the end
I'll love you 'til the end
I'll love you 'til the end

I'll love you 'til the end
What I live and what I learn
What we build and what we burn
I'll love you 'til the end

I'll love you 'til the end
I'll love you 'til the end

I'll love you 'til the end
What I live and what I learn
What we build and what we burn
I'll love you 'til the end

I'll love you 'til the end

I'll love you 'til the end...
