"INVERSION"

Visit "[INVERSION](#)" on MotoLyrics.com

(Don't you ever know?)
(Oh, don't you ever know?)
(Oh, don't you ever know about me?)

You always say that you'll find me
That you'll know where I am always
But can you see
What's sitting right in front of me
A life that is so much better

I can't just sit here
While all you do, dear
Is just sit and listen
To the lies so twisted
The lies so blatantly
Warping down on me

[CHORUS]
I'm sick of this inversion
Never leaving for excursion
Can't you just for once
Get off your arse but once
So we can go to a place I know
To you I want to show
It to the world
And leave this inversion
A twist on reality

How much longer must I wait
To get the hell out this place?
I don't want to just stay here and rot
I have to leave before it consumes me
Before leaves all me
Behind in the dust
On the road to lust

Just for once can't you grant me this favor
Take me out of this town
Out this place
I can't just sit here and wait
For you to be ready for me to leave

[CHORUS]

So I'll pick up my things
And I'll forever leave
You won't be
Seein' me around here no more
I'm leaving this nightmare behind
This hell that I've gotten trapped in

Look me up when you decide
To leave this hell behind
Maybe I'll remember you
As the one who wouldn't do
The only thing I ever asked
I won't forget the past

[CHORUS]

I told you that I wouldn't remember you
You didn't listen
Once again
I won't explain it
I'm tired of your shit
Say "goodbye" to me
You won't ever see
My face around this place
But you refused to know
Where I'd go
So now I'm here
While you wait, my dear

I'm not dealing with this inversion no more
Now I'm free
Free to soar
I will give you one last word of advice
For once just follow
And say goodbye

(You didn't know)
(Oh, you didn't know)
(Oh, you didn't know about me)
