[Beanie]

My Spidey Senses is tingling  
Feel something God my radar is up

[Verse 1]

Something going on, I feel funny, can't tell me  
nothing's different  
My nose twitchin, Intuition setting in like Sti Vision  
I still close my eyes, I still see visions  
Still hear that voice in the back of my mind  
So what I do, I still take heat, I still listen  
I still paint that perfect picture  
I still shine bright like a prism  
My words still skippin through air  
I know you can't don't won't get it  
You square chose to ride that shit, sault with it, I'm still  
afloat  
I ain't the captain of the yacht but I'm on the boat  
I ain't acting what I'm not knowing that I don't  
You niggaz acting like you will but I know you won't  
Man I read between the lines of the eyes of ya brows  
Your handshake ain't matchin your smile

[Chorus]

I can feel it in the air  
I can feel it in the air  
(I don't know man, I just feel something)  
I can hear it in your voice  
(Something ain't right man)  
I can feel it in the air

[Verse 2]

I sit alone on my floor in the room staring at hammers  
Ready to go bananas, two vests on me  
Two uzis, extra clips on me  
I know my mind ain't playin tricks on me  
I ain't schitz homie  
Ain't nobody dropped a mick on me  
Its like they trying to pop a sick on me  
I hear this voice in the back of my mind  
Like Mack, tighten up your circle

Before they hurt you, read they body language  
85% communication non-verbal  
85% swear they know you  
10% you know they stories  
Man the other 5, I'mma show you  
Just know you been pulling strings  
You the puppetmaster, Them other bastards  
Now watch who you puffin after  
Play your cards, go against all odds  
Shoot for the moon, if you miss, you still amongst  
those stars

[Chorus]

[Verse 3]

Can you feel the grim reaper floatin?  
Foul preachin quotin' scriptures from revelation  
Talk shit and got devil waiting  
Body getting stiff, soul levitation  
Why do I speak blasphemy?  
Knowing one day they will ask for me  
Ask for my sins  
No one will feel his wrath for me  
I go through it so you wouldnt do it after me  
As for me, I'm still circling the block before I'm parking  
Not bitchin, I'm just still cautious  
Same black parker  
Same uzi, extra clip, still clappin wit that same larkin  
Damn I feel an inner air you will not still here  
There ain't an us or a we or I'm a thing  
Its a good bad karma thing  
Its a song and an honest thing  
I swear I feel something honestly

[Chorus]
