[Intro: Jus Allah]

Yeah son, white devil's been living it up for too long
It's about time it's over for that, you know I'm sayin?
I'm their worst fear, the black man, the white nightmare
son
Recognize that, ya know? Get all you fiends taken
Get all that taken

[Verse 1: Jus Allah]

Yo, I was placed on the planet, just to cause problems
Sperm I spawned from, burnt holes in condoms
Heaven splits in the presence of excellence
A force to be reckoned with
Way too fuckin strong to rely on ya prayers and hopes
I walk out the jungle in bear-skinned coats
While you still scared of ghosts we cut throats
I introduce myself, the God is upmost
My brain never touched the soap
Refused to be another fuckin slave that stuffed the
boats
On puffs of smoke, I'm fuckin phenomenal
What I think is logical, to you is physically impossible
Take a blood drop from you, copy you
Just to get your own identical to tell you I'm unstoppable
Unsurpassable, obstacle, unsolvable
Math written in my chronicle, astronomical
Pass me the gun for mans, extinction
I piss in the fountains of youth, you drink from
My stomach got young dead orphans in it
I eat from trash cans at abortion clinics

[Chorus: Jus Allah]

I'm a fucking nightmare
Young black and just don't give a fuck
I just wanna get high and live it up
A nightmare
Young, black and just don't give a fuck
I just wanna get high.
A white nightmare
Young black and just don't give a fuck
I just wanna get high and live it up

A nightmare
Young, black and just don't give a FUCK..nigga

[Verse 2: Jus Allah]

I'm the sickest beast walkin, I read in the dark
And speak, as the deepest thoughts of Steve Hawkins
Interpret fuckin' dolphins
Megallah's that martian, disturbin the peace inside
coffins
Even priests caution defyin the science
Violent niggaz, who carry the iron giants
No swine diets, the strength of Goliath
Hope ya last rhyme is good enough to die with
Against madness, performin' the black magic
Savage, I steal from the offering basket
And use it as my loot to buy blunts and sacks with
I give back by sharin wit the niggaz I rap with
Elite crooks, even the police be shook
My crib got dead cops attached to meat hooks
Disectin 'em, I burn whatever left of 'em
Yo my neighbor told me that a demon lived next to him
'Til I threatened him, "Yo cousin, we strapped"
All y'all motherfuckers just cover ya cap
I love black, I wish that I was two shades darker
We unbreakable, like Hurricane Carla

[Chorus: Jus Allah]

I'm a fuckin'white nightmare
Young black and just don't give a fuck
I just wanna get high and live it up
A nightmare
Young, black and just don't give a fuck
Wanna get high.
A white nightmare
Young black and just don't give a fuck
Just wanna get high and live it up
A nightmare
Young, black and just don't give a FUCK..nigga

[Verse 3: Jus Allah]

You surcoming the pain
You're so dumb! That it numbs your brain at gunflame
Your head should be hung in shame
Lynched and maimed, playing with the clinic's insane
Getting bit, up until the last minute of game
Fuck the glitter and glit, me and my click, only doin'
nigga shit
Makin'hits, only black people benefit
Never puttin'on the ??? clever
I never re-trick, god and devil's blood'll never be mixed
For as long as I live, and the lifeline that runnin' my kin

Merchin'minds with the swines forbid
Never should you testifate
Your maker has your fate as slashed like a paper bag
pick your favorite mask
Hide your ass like diaper rash
Blow you in the fucking cypertrash
Make you take a fuckin'firebath BITCH!
Speakin' on cassettes, I can teach your pet
Peakin'death, I could reach you after physical death
Eatin' your beat flesh entirely
Torcherin' the soul of you inside of me
I am irony
Like reading a line of diary, the firey
Only 5 percent of mine admire my entirety

[Chorus: Jus Allah]

I'm a fuckin'white nightmare
Young black and just don't give a fuck
Just wanna get high and live it up
A nightmare
Young, black and just don't give a fuck
Just Wanna get high.
A white nightmare
Young black and just don't give a fuck
Just wanna get high and live it up
A nightmare
Young, black and just don't give a FUCK.
Motherfucking nightmare
Young black and just don't give a fuck
I just wanna get high and live it up
A nightmare
Young black and just don't give a fuck
Wanna get high
A white nightmare
Young black and just don't give a fuck
Just wanna get high and live it up
A nightmare
Young black and just don't give a FUCK nigga....
