In the middle of the night
I'll let you know
If everything's alright, it's all for show
And I want you to know

All of my life been waiting for you
Labour of mine I knew
That I'd a friend
For what I want to be
And when I am done I'll meet...
You on the other side

In the middle of the night
I'll let you know
If everything's alright, It's all for show
And I want you to know

I guess this is it
Moonlight I can't resist
Brother of mine, I knew
That I'd be a friend
For what I want to be
And when I feel loved I'll meet...
You on the other side

In the middle of the night
I'll let you know
If everything's alright, It's all for show
And I want you to know

These are the times I never wanted
So long goodnight
I won't start to fight
