Why they always talking about money? 'Cause we like money bitch

Yeah, yeah, yeah, yeah, yeah, L O X and we won't stop

Bad Boy, I'm a show you how we get this money

Yeah, yeah, yeah, yeah, yeah, let me show you how I get this money

You can't take this, players hate this

Rainbow glow, European bracelet

Made his mouth drop, now he need a face lift

Mommies run up on me and ask me to taste it

Hands on my crotch, got to be the sales or the band on my watch

Damn, I'm so hot, they call me arrogant

While you slide with seven mommies in the Caribbean

You start traveling, I'll make you a believer

Hiding in the club getting brains from a diva

Leave with a breezer, black Cadillac riding with an old geezer

With ten different hustles for every foe sees us

No reason, we just peas in a pod trying to get the paper

We the g's in the lot, long as the water boil

We bound to keep it hot

It's gon' be turmoil if you thinking that it's not

I'm a show you how you get this money, make it hot

I'm a show you how you get this money, don't stop

I'm a show you how you get this money, I fucks wit you

I'm a show you how you get this money, get money

I'm a show you how you get this money, make it hot

I'm a show you how you get this money, don't stop

I'm a show you how you get this money, I fucks wit you

I'm a show you how you get this money, get money

Three fly cats that get money with no gimmicks

Y'all just so timid, my soldiers be no limit

What you know about renting a yacht with twenty jet-skis?

And riding out till the Coast Guard come and get me?

Beat that, me, Stylez and Sheek be  
Like 4, 5, 6 so no matter what you roll you, can't beat  
that  
Who you know could take an old record and flip like  
Puff?  
From small clubs to arenas, who rip like us?

Who every time they pull up, whips be plush  
Chicks be tough, Bad Boy, Hits R Us  
Back it's me, West Indies  
Slimmy, me and Kimmy

And I taught her how to say, "May I have a steady  
gimme"  
I ain't busting 'cause we picked up them joints you  
tossed  
Y'all was hot until the Lox came and cooled y'all off  
It's the Kiss, are you hearing me?  
I think I'm blessed lyrically  
Mad rappers with three LP's sill fearing me

I'm a show you how you get this money, make it hot  
I'm a show you how you get this money, don't stop  
I'm a show you how you get this money, I fucks wit you  
I'm a show you how you get this money, get money

I'm a show you how you get this money, make it hot  
I'm a show you how you get this money, don't stop  
I'm a show you how you get this money, I fucks wit you  
I'm a show you how you get this money

You see, we bounce on tracks like basketball  
And bust down songs till our throat need Halls  
L-O-X-pedition, I spend all day fishing  
And won't catch one

Just me and Mommy out in the sun  
Just sailing, chance so icy if I threw it up  
You think it was hailing  
Don't even ask me what the price be

To go to a show, no clubs just arenas  
Headliner Stevie Wonder, no small cats between us  
After parties be going like Venus  
My chick gots be the meanest before I come that night

If she ain't she ain't partying right  
That's how we like to play in Bad Boys with all the fly  
shit

And that's how we do the chips kid, multiplying  
Beef, don't apply it, please don't try it 'cause we ain't  
with that  
But if so you gon' need a plastic bag where your shit at  
Lox and we got that cash you want to get at

I'm a show you how you get this money, make it hot  
I'm a show you how you get this money, don't stop  
I'm a show you how you get this money, I fucks wit you,  
that's right  
I'm a show you how you get this money, get money

I'm a show you how you get this money, make it hot  
I'm a show you how you get this money, don't stop  
I'm a show you how you get this money, I fucks wit you  
I'm a show you how you get this money

I'm a show you how you get this money, make it hot  
I'm a show you how you get this money, don't stop  
I'm a show you how you get this money, I fucks wit you  
I'm a show you how you get this money, get money
