Everywhere I go, I have to travel with love  
Everywhere I go, I have to travel with love  
Everywhere I go, people are always saying so  
Everywhere I go, people are always saying so

Most of these men are so hard to understand  
Most of these men are so hard to understand  
Everywhere I go, I have to travel with love  
Everywhere I go, I have to travel with love

Most of these men are so hard to understand  
Most of these men are so hard to understand  
Everywhere I go, I have to travel with love  
Everywhere I go, I have to travel with love

I fell in love, in love, in love  
I fell in love, in love, in love  
Everywhere I go, I have to travel with love  
Everywhere I go, I have to travel with love
