"Fight Too Much"

Visit "[Fight Too Much](#)" on MotoLyrics.com

You fight too much, you fight against the truth too
much
Much, too much
You fight too much, you fight against the truth too
much
Much, too much

If I were like you, I would be a fool
And that is the reason why I don't go to your school

You fight too much, you fight against the truth too
much
Much, too much
You fight too much, you fight against the truth too
much
Much, too much

You fight too much, much, too much

How can a man be ashamed to own the truth too much?
Much, too much
How can a man be ashamed to own the truth too much?
Much, too much

You fight too much, you fight against the truth too
much
Much, too much
You fight too much, you fight against the truth too
much
Much, too much

You fight too much, you fight too much, much, too
much
