[Intro]

Dogg, Pound, Gangsta - nigga
Nate Dogg, D-O-double G... ha ha, '98
Check this out y'all
For all the gangstas out there

[Snoop Dogg]

All I know and all I do is
D-P-G with the rest of my crew
We through with milken milli vanilli
Silly niggaz who be rappin' but they really be actin'
I'm smackin' niggaz in they face for the '9-8
My DJ Warren G and my homeboy Nate
The game won't wait, so we paper chase
And watch out for them suckas who paper hate
Try to drop some shit to keep ya straight
I keep my niggaz on a mission and the suckas keep
wishin'
But my success, oh yes it's fresh
Here's a toast to the Eastside, L.B. for lizie
You can call me what you wanna
Or you can catch me in the Navigator bendin' a corner
I'm representin', just like Billy Clinton
I smack a bitch and make my chips, then dip
For Dogg Pound Gangsta click

[Chorus]

Don't you wanna come with me to Dogg Pound
Gangstville?
We can give you what you need in Dogg Pound
Gangstville
Don't you wanna come with me to Dogg Pound
Gangstville?
We can give you what you need in Dogg Pound
Gangstville

[Nate Dogg]

Once upon a time in the land of the foolish man
There lived a man who claimed to be holdin' aces in
hand
He played wrong once and played 'em twice

And played 'em wrong again
Now it's my turn to play the game
And I guarantee I'll win
Very best I have to be and I hope you understand
I got my game from Gangstaville
Eastside of gangsta land (come with me)

[Chorus]

Don't you wanna come with me to Dogg Pound
Gangstaville?
We can give you what you need in Dogg Pound
Gangstaville
Don't you wanna come with me to Dogg Pound
Gangstaville?
We can give you what you need in Dogg Pound
Gangstaville

[Krupt]

Well you can give me half your loot, nigga
Or else I'ma shoot, nigga
I do what G's do - I ride, I slides, I dips
Double for us fool, where's the clips?
You'll find I hit your spine and shake your hips with
hollow tips
It's the modern day me, with the state of art modern
day heat
Motherfuckin' modern day G
No good, fo' sho' good
Put this nigga on the hood
Then let me put him back the fuck off, like that
You fuckin' with the Kobe Bryant of rap
With a mack 11 cocked back ready for sure, ready for
war
For real, enter if you will
In the land we call Dogg Pound Gangstaville
All we do is smoke, and just so you know -
My motto is "fuck you bitch and fuck a hoe"

[Chorus] - X 2

Don't you wanna come with me to Dogg Pound
Gangstaville?
We can give you what you need in Dogg Pound
Gangstaville
Don't you wanna come with me to Dogg Pound
Gangstaville?
We can give you what you need in Dogg Pound
Gangstaville
