Wake up with caffeine on the floor again
I think I need some more
A long day awaits as we contemplate
The late night and call for more

Back it up, is that you?
Hold it there, is this true?
Back it up, is that you?
Hold it there, lets move away
Where the sun sets late

Don't think twice this place is overrated
I've got plans (come on) come on lets take it

Is this slipping off track?
I got a choice but I can't relax
To much to do, so little time
Yeah I. I need to...

Back it up, is that you?
Hold it there, is this true?
Back it up, is that you?
Hold it there, lets move away
Where the sun sets late

Don't think twice this place is overrated
I've got plans (come on) come on lets take it

This place is overrated

Oh oh, oh oh, oh oh

I've got plans, because I'm sick of this
Just say when and we'll run for it

Back it up, is that you?
Hold it there, is this true?
Back it up, is that you?
Hold it there, lets move away
Where the sun sets late

Don't think twice this place is overrated

I've got plans (come on) come on lets take it
